

GetSwift & GloriaFood Integration

Quick Start Guide for Multiple Restaurants

Step 1: Setup your API Key in GetSwift

1. This guide applies if you have 2+ restaurant on GloriaFood. If you only have 1 restaurant, please read the Single Restaurant quick start guide.
2. Navigate to <https://app.getswift.co/Merchant/APISettings> and login to your account
3. Generate an API Key and save the key in a safe place

4. Check the box “Api key active” and click “Update” at the bottom of the page
5. Navigate to <https://app.getswift.co/Merchant/ThirdParty> and click “Connect” under the GloriaFood. If you do not see the GloriaFood option on the page, please contact us through the live chat for additional help.

6. Click the black arrow to expand the “Settings”
7. In the “Restaurant key” field, enter “aaaa”. In the “Authorize key” field, enter the your GetSwift API key from Step 1.3. Click “Update”
